

ABHIJEET V S

Computer Science & Engineering Student

Chennai, Tamil Nadu | +91 89395 42265 | 2308abhijeet@gmail.com
GitHub: github.com/Abh123vgffehjj | LinkedIn: linkedin.com/in/abhijeetvs2308

CAREER OBJECTIVE

Motivated Computer Science and Engineering student with strong foundations in software development, IoT systems, and problem-solving. Experienced in developing real-time monitoring solutions, embedded systems, and desktop applications. Seeking an internship opportunity to apply technical skills, gain industry exposure, and contribute to innovative engineering projects.

EDUCATION

Bachelor of Engineering (B.E.) – Computer Science and Engineering

Loyola-ICAM College of Engineering and Technology (LICET), Chennai Expected
Graduation: 2028
CGPA: **8.54 / 10**

Class XII (CBSE)

Velammal Vidyashram, Surapet, Chennai
Percentage: **94.2%**

Class X (CBSE)

Velammal Vidyashram, Surapet, Chennai
Percentage: **93.6%**

EXTRA CURRICULAR & CERTIFICATIONS

Programming in Java – NPTEL (Elite), IIT Kharagpur

Score: 80% | Jul–Oct 2025

German I – NPTEL (Elite), IIT Madras

Score: 65% | Jan–Apr 2026

Tata Group Data Analytics Job Simulation on Forage

June 16, 2026

- Completed a job simulation involving AI-powered data analytics and strategy development for the Financial Services team at Tata iQ.

- Conducted exploratory data analysis (EDA) using GenAI tools to assess data quality, identify risk indicators, and structure insights for predictive modeling.
- Proposed and justified an initial no-code predictive modeling framework to assess customer delinquency risk, leveraging GenAI for structured model logic and evaluation criteria.
 - Designed an AI-driven collections strategy leveraging agentic AI and automation, incorporating ethical AI principles, regulatory compliance, and scalable implementation frameworks.

TECHNICAL SKILLS

Programming Languages: Python, Java, C, Arduino C/C++

Web Technologies: HTML, CSS, JavaScript

Frameworks & Libraries: Flask, Java Swing, Chart.js

Databases: MySQL, MongoDB (Basic)

Technologies: IoT, Embedded Systems, Bluetooth Low Energy (BLE), Object-Oriented Programming (OOP), MVC Architecture, Design Patterns

Tools: GitHub, VS Code, Arduino IDE

PROJECTS

Mine Safety Smart Helmet

ESP32, Python, Flask, MongoDB Atlas, HTML, CSS, JavaScript, Chart.js

- Developed a real-time IoT-based mine safety monitoring system using ESP32 and environmental and physiological sensors.
- Built a Flask-based backend to process sensor data and store records in MongoDB Atlas.
- Implemented health scoring, anomaly detection, fall detection, and worker-status monitoring algorithms.
- Designed a real-time dashboard with live charts, safety alerts, and miner status visualization.

- Achieved end-to-end monitoring with approximately 3–5 seconds latency from sensor acquisition to dashboard updates.
- Presented the project at the **PALS innoWAH! Cluster Finals (SRM Institute of Science and Technology)** and **PALS innoWAH! Finals (IIT Madras)**.

Smart Walkers – IoT-Based Smart Health Monitoring Footwear

ESP32, MPU6050, Pulse Sensor, GPS Module, Arduino C/C++, BLE

- Developed an IoT-enabled smart footwear system for real-time health and activity monitoring.
- Integrated heart-rate monitoring, step tracking, gait analysis, GPS tracking, and fall detection functionalities.
- Designed an emergency alert system capable of sharing location information during critical situations.
- Focused on low-power operation, portability, and user comfort for healthcare and fitness applications.
- Presented the project at a national-level technical symposium and startup pitch competition.

Smart Music Player (Academic Mini Project)

Java 11, Swing GUI, MVC Architecture, Design Patterns

- Developed a desktop music player application using Java Swing and MVC architecture.
- Implemented Singleton, Factory, Strategy, Observer, and Facade design patterns.
- Built a recommendation engine supporting mood-based and trending-song playlist generation.
- Integrated audio playback and file persistence functionalities using Java standard libraries.

ACHIEVEMENTS & COMPETITIONS

- Finalist, **PALS innoWAH! 2025–26**, IIT Madras, as a member of **Team NEXUS FIVE**.
- Presented **Mine Safety Smart Helmet** at the **PALS innoWAH! Cluster Finals** hosted by SRM Institute of Science and Technology.
- Participated in the **Startup Pitch Competition** organized by eCircle Foundation and LICET.

- Presented **Smart Walkers** at **Starry Insights Project Expo**, STROM 2K24 National Technical Symposium.

SOFT SKILLS

Problem Solving • Teamwork • Communication • Technical Presentation • Leadership • Critical Thinking

LANGUAGES

English • Tamil • Telugu • Hindi
